## THE TOWN OF HATFIELD'S COMMUNITY CHOICE POWER SUPPLY PROGRAM

The Town of Hatfield is announcing the new rate and term for its Community Choice Power Supply Program. The Town's new aggregation rate is fixed at **\$0.15160 per kWh for all rate classes for 3 months (August 2022 to November 2022)** through its new supplier, **Direct Energy**. For comparison purposes, Eversource's Residential Basic Service rate is fixed at \$0.15348 per kWh from July 1, 2022 through December 31, 2022. The Town Administrator and Select Board continue to work together in this volatile market to find a long-term stable aggregation rate.

It is important to note that **no action will be required** by individual consumers. All accounts currently enrolled in the Town's Program will be switched to Direct Energy as of the August 2022 meter reads. This change will be noted on the August 2022 bills and will be seen on the September 2022 bills. Consumers with questions about the Program should call Colonial Power Group, the Town's aggregation consultant, at (866) 485-5858 ext. 1.

For more detailed information about the Town's Program, including how to OPT-OUT or OPT-IN, or to access Eversource's Basic Service rates, please visit [colonialpowergroup.com/hatfield](https://colonialpowergroup.com/hatfield) or call Direct Energy at (866) 968-8065. You may OPT-OUT or OPT-IN at any time in the future with NO CHARGE.

*Basic Service rates change twice a year or more, depending on rate class. As a result, the aggregation rate may not always be lower than the Basic Service rate. The goal of the aggregation is to deliver savings over the life of the Program against Eversource Basic Service. However, such savings and future savings cannot be guaranteed.*
