

TOWN OF BOLTON COMMUNITY CHOICE POWER SUPPLY PROGRAM AGGREGATION PLAN

PREPARED BY

COLONIAL POWER GROUP, INC.

PURPOSE OF THE AGGREGATION PLAN

The Town of Bolton (“Town”) developed this Aggregation Plan (“Plan”) in compliance with Massachusetts law regarding public aggregation of electric consumers. It contains required information on the structure, operations, services, funding, and policies of the Town’s Plan. The Plan has been developed in consultation with an aggregation implementation consultant (Consultant), initially Colonial Power Group, Inc. (CPG) and the Massachusetts Department of Energy Resources (DOER).

The purpose of this Plan is to represent consumer interests in competitive markets for electricity. It seeks to aggregate consumers in the Town to negotiate rates for power supply. It brings together the buying power of more than 5,000 consumers. Furthermore, the Town seeks to take greater control of its energy options, including enhancing the ability to pursue price stability, savings opportunities and the amount of renewable energy procured. However, savings cannot be guaranteed. Participation is voluntary for each consumer. Consumers have the opportunity to decline service provided through the Plan and to choose any Competitive Supplier they wish. Based on enrollment figures from previous community aggregations, CPG anticipates that 97% of the consumers will participate. The Town has distributed this Plan for public review prior to submitting it to the Massachusetts Department of Public Utilities (“Department”).

TABLE OF CONTENTS

1.	The Process of Municipal Aggregation	1
2.	Bolton’s Community Choice Power Supply Program	
2.1	Organizational Structure	2
2.2	Operational Levels	2-4
2.3	Operations	4
2.4	Staffing and Manpower.....	4-5
3.	Product Offerings

12.2	Selection of Alternate Supplier	16
12.3	Indemnification and Risk Associated with Competitive Market.....	16-17
12.4	Other Protections	17
13.	Requirements Concerning Aggregated Service	17

REQUIREMENTS FOR MUNICIPAL AGGREGATION

The Massachusetts Electric Utility Restructuring Act of 1997 (“Restructuring Act”) contains several requirements for municipal aggregators. One requirement is to develop an aggregation plan in consultation with the DOER. The Plan is subject to review by consumers in the participating municipality and approval by the Department.

1 THE PROCESS OF MUNICIPAL AGGREGATION

Municipal aggregation involves a multi-step public process as follows:

- 1.1 Vote and Authorization to become a Public Aggregator
- 1.2 Development of Plan in Consultation with DOER
- 1.3 Review of Plan by Town Administrator, Board of Selectmen and Consumers
- 1.4 Vote on Plan by Board of Selectmen
- 1.5 Submission of Plan for Department Approval
- 1.6 Public Hearing on Plan by Department
- 1.7 Selection of Date for Receipt of Price Terms from Competitive Suppliers
- 1.8 Selection of Competitive Supplier by Town Administrator
- 1.9 Notification of Enrollment for Eligible Consumers¹
- 1.10 Beginning of Opt-Out Period (37 days prior to first service date)
- 1.11 Transfer of Participating Consumers to Competitive Supplier

In addition to this process, municipal aggregators must comply with open meeting laws, ethical rules, and certain public bidding and information requirements.

¹ The term “eligible consumers” is equivalent in meaning to “eligible customers” as defined by the Department in Municipal Aggregation Programs, D.P.U. 16-10, at 19 (2017). This includes (1) Basic Service customers; (2) Basic Service customers who have indicated that they do not want their contact information shared with Competitive Suppliers for marketing purposes; and (3) customers receiving Basic Service plus an optional green power product that allows concurrent enrollment in either Basic Service or competitive supply. This excludes (1) Basic Service customers who have asked their Local Distributor to not enroll them in competitive supply; (2) Basic Service customers enrolled in a green power product that prohibits switching to a Competitive Supplier; and (3) customers receiving competitive supply service.

2 BOLTON'S COMMUNITY CHOICE POWER SUPPLY PROGRAM

The Town offers one program to achieve its goals: Bolton's Community Choice Power Supply Program ("Program"). The Program provides professional representation on behalf of consumers in state proceedings and in regional or local forums to protect consumer interests in an evolving marketplace.

The Program is designed to offer competitive choice to eligible consumers and to gain other favorable economic and non-economic terms in service contracts, however, savings cannot be guaranteed. The Town does not buy and resell power, but represents consumer interests to set the terms for service. Through a competitive bid and negotiation process, the Town develops a contract with a Competitive Supplier for firm, all-requirements service. The contract runs for a fixed term. The process of contract approval contains checks and balances. Once the contract has been negotiated by the Town's Consultant, it must be submitted to the Town Administrator for approval. And lastly, eligible consumers may opt-out of the Program, and select Basic Service or power supply from any other Competitive Supplier they wish at any time before or following their enrollment in the Town's Program. No eligible consumer is required to receive service under the Town's contract. [See Section 5.1.6 for detailed information on the opt-out process.]

2.1 ORGANIZATIONAL STRUCTURE

The Town's government is led by a three person Board of Selectmen. Daily operations are overseen by a Town Administrator. Town elections are held the second Monday in May.

The Board of Selectmen is composed of three members elected for three year terms. They meet every second and fourth Thursday evening at 7:00 P.M. at Town Hall. They may also hold other meetings from time to time. The Board of Selectmen acts as the Town's Chief Executive Body responsible for the general welfare of the community. Specific powers and responsibilities of the Board of Selectmen are set forth in the Town's Bylaws. The operational role of the Town and its Consultant in relation to consumers is outlined and described in the following pages.

2.2 OPERATIONAL LEVELS

There are five operational levels to the Town's Program as follows:

2.2.1 Level One: Consumers

Consumers hold the ultimate authority over the Program and its functions. They can elect candidates for the Board of Selectmen who may take positions regarding the Program. They can participate in local and regional meetings and hearings regarding issues related to restructuring in

general and the Town's Program in particular. And they can attend meetings to express their views.

Every eligible consumer in the Town may participate in the Town's Program. All eligible consumers will also have the ability to decline service through the Competitive Supplier and choose any other power supply option they wish or remain with the Local Distributor, National Grid (NGRID). Eligible consumers who are dissatisfied with services provided under the contract negotiated by the Town may also communicate directly with the Competitive Supplier or the Consultant retained by the Town to assist with the implementation of the Plan via e-mail or toll-free telephone number in an effort to alter or otherwise improve service. Eligible consumers may also opt-out at any time by contacting the Competitive Supplier. Eligible consumers may also bring issues before the Board of Selectmen.

2.2.2 Level Two: Board of Selectmen

Based upon its existing authority or authority provided by voters at Town elections, the Board of Selectmen may act on program and policy issues and contract recommendations. In addition, it may provide instructions to the Town's Consultant regarding specific policy or program decisions to be made under the Program. It may also raise issues directed to it by consumers for the Town to address.

2.2.3 Level Three: Town Administrator

The Town Administrator carries out the collective decisions and instructions of the Board of Selectmen and participating consumers.

2.2.4 Level Four: Consultant

As the Town's agent, the Consultant shall provide the day-to-day management and supervision of the business affairs of the Program under a contract agreement. The Consultant shall serve as the Town's procurement agent, utilizing its existing staff to solicit services as requested by the Town. In addition, the Consultant provides office space and administrative support to coordinate the Program's operations.

This administrative support includes:

- communications;
- program development;
- recordkeeping; and
- program oversight and maintenance.

2.2.5 Level Five: Competitive Suppliers

Competitive Suppliers contract with the Town through the Town Administrator. The contract is negotiated, recommended, and monitored for compliance by the Consultant. No contract is binding until it is approved by the Town Administrator. The complete set of Competitive Supplier responsibilities is found in the Electric Service Agreement (ESA) between the Town and the Competitive Supplier.

2.3 OPERATIONS

The Program's operations are guided by the provisions and goals contained in this Plan and the instructions and decisions of the Town Administrator, the Consultant, and participating consumers.

The goals of this Plan are as follows:

- provide the basis for aggregation of eligible consumers on a non-discriminatory basis;
- acquire a market rate for power supply and transparent pricing;
- allow those eligible consumers who choose not to participate to opt-out;
- provide full public accountability to participating consumers; and
- utilize municipal and other powers and authorities that constitute basic consumer protection to achieve these goals.

2.4 STAFFING AND MANPOWER

The operations necessary to plan, deliver, and manage the Town's Program include:

- technical analysis;
- competitive procurement of services;
- regulatory approvals;
- accounting and fiscal management;
- contract maintenance;
- communications;
- program coordination; and
- administrative support.

The Town intends to utilize the Consultant as the professional, technical, and legal consultant to operate the Program. The Consultant is a licensed broker of electricity in Massachusetts (EB-107). The Consultant has experience designing, implementing and administering opt-out municipal aggregation programs.

The Consultant will be responsible for monitoring all aspects of the Program and any resulting contractual agreements, including but not limited to: monitoring and reporting on compliance with all contract terms and conditions, resolution of contract issues, implementation of the opt-out process for consumers, participation in negotiations with NGRID, preparation of reports, as directed, and routine updates and attendance at meetings with the Town Administrator and Board of Selectmen.

The Program has been developed on behalf of the Town by the Consultant with the support of technical consultants and legal counsel. Once a contract has been secured, the Consultant will administer the Program.

The Consultant will undertake negotiations with Competitive Suppliers and provide representation at the state level, as needed, at the direction of the Town Administrator and Board of Selectmen. The terms and conditions of any contract may be subject to review by the Town Counsel, as well as by any outside legal counsel which may be selected by the Town, and may be further subject to the Town Counsel's approval as to legal form.

3 PRODUCT OFFERINGS

The Town will solicit bids for power supply from Competitive Suppliers that (1) meet the required Massachusetts Renewable Portfolio Standard (RPS) obligation and (2) provide additional Renewable Energy Certificates (RECs). The Town may seek RECs, at varying percentages, from a variety of both local and national renewable sources, including but not limited to wind, solar, hydro and geothermal power.

The Town will ask Competitive Suppliers to identify the technology, vintage, and location of the renewable generators that are the sources of the RECs. The Town will require that the RECs either be created and recorded in the New England Power Pool Generation Information System or be certified by a third party such as Green-e.

3.1 STANDARD PRODUCT

All eligible consumers will be enrolled in the Town's standard product unless they affirmatively opt-out of the Program. The Town's standard product may incorporate RECs beyond the required minimum Massachusetts RPS obligation. The Town will evaluate bids and select a standard product that addresses the Town's objectives with respect to price and renewable energy content at the time of such decision.

3.2 OPTIONAL PRODUCT

The Town may also offer one or more optional products. Eligible consumers will only be enrolled in a Town's optional product if they affirmatively select it. The Town's optional products may, but shall not be required to, incorporate RECs beyond the required minimum Massachusetts RPS obligation. Products with a higher percentage of renewable energy are typically available at an additional incremental cost and will provide consumers with alternative choices in terms of the balance of price and environmental benefit.

4 FUNDING

Initial funding for the Town's Program comes from private capital supplied by CPG. The ESA with a Competitive Supplier will include a \$0.001 per kWh adder that will be paid by the Competitive Supplier to the Consultant. The \$0.001 per kWh adder will fund the on-going costs of the Program. The start-up costs, to be borne by the Consultant, include costs for legal representation, public education, and communications. Mailing costs will be borne by the Competitive Supplier.

5 ACTIVATION AND TERMINATION

5.1 ACTIVATION

Following the process of municipal aggregation and competitive procurement of a proposed contract by the Town, activation of the Program requires the following steps:

- a) Approval of Plan by Department
- b) Acceptance of ESAs by Town Administrator
- c) Signing of ESA by Town Administrator
- d) Notification of Enrollment for Eligible Consumers
- e) Notification of NGRID
- f) Beginning of Opt-Out Period
- g) Transfer of Participating Consumers to Competitive Supplier

Each of these steps is described as follows:

5.1.1 Approval of Plan by Department

The Town, through its Consultant, shall file this Plan with the Department. The Department is required to hold a public hearing on the Plan.

5.1.2 Acceptance of ESAs by Town Administrator

All contracts negotiated by the Town shall be expressly conditioned upon the acceptance of the contract by the Town Administrator. Competitive Suppliers and contracts must comply with all applicable laws and rules and regulations promulgated by the Department concerning Competitive Suppliers.

5.1.3 Signing of ESA by Town Administrator

With the signing of the contract by the Town Administrator, the terms and conditions in the contract will be utilized for service for eligible consumers within the municipal boundaries of the Town, except for those eligible consumers who affirmatively opt-out of the Program.

5.1.4 Notification of Enrollment for Eligible Consumers

Following approval of the contract by the Town, the Competitive Supplier shall undertake notification of all eligible consumers on Basic Service to be enrolled. NGRID will provide the Competitive Supplier and the Consultant with a list of eligible consumers. NGRID will electronically transmit the name, address and account of eligible consumers and run this data just prior to the meter read at which the change to the Competitive Supplier is set to occur to ensure that only eligible consumers are enrolled. Only current eligible consumers will be sent opt-out notices. The Town may also generally notify all consumers receiving competitive service of their eligibility to receive power from the Town's Competitive Supplier. In doing so, the Town will clearly disclose in any notifications that such consumers may be subject to penalties or early termination fees if they switch from competitive service to the Town's Program during a competitive supply contract term. No later than ten days prior to the date of issuance, the Town shall provide the Department with a copy of any notice it proposes to send to competitive supply consumers for the purpose of notifying such consumers of their eligibility to receive power from the Town's Program. Once the appropriate notification has been provided to the eligible consumer and applicable opt-out requirements met, the Competitive Supplier will electronically enroll the eligible consumer by submitting an "enroll customer" transaction to NGRID in accordance with the rules and procedures set forth in the EBT Working Group Report, which is applicable to all Competitive Suppliers and distribution companies in Massachusetts.

The process of notification shall be multi-layered and will include:

- mailings by the Town;
- newspaper notices;
- public service announcements (PSAs); and
- notices posted in Town Hall and on Town's website.

Prior to enrollment, this notification shall:

- inform eligible consumers they have the right to opt-out of the aggregated entity without penalty and choose Basic Service at any time before or after their first day of service;
- prominently state all charges to be made and a comparison of the price and primary terms of the Town’s contract compared to the price and terms of NGRID’s Basic Service;
- explain the opt-out process; and
- provide written notification that no charges associated with the opt-out will be made by the Competitive Supplier.

When a new eligible consumer first moves to the Town, the eligible consumer will not be assigned to the Town’s Competitive Supplier until the Competitive Supplier submits an “enroll customer” transaction. Prior to such “enroll customer” transaction, the eligible consumer shall receive Basic Service. The Competitive Supplier is responsible for including new eligible consumers in the Program as they move into the Town by the requesting electronic transmittals on a quarterly basis from NGRID, notifying and enrolling per the procedures followed for the initial enrollment.

The approximate timing of the major procedural steps related to the notification of consumers is as follows:

Day 1	Supply contract executed between Town and Competitive Supplier
Day 2	Competitive Supplier notifies NGRID to prepare Town eligible consumer data
Day 3	Competitive Supplier begins EDI testing with NGRID
Day 14	Competitive Supplier receives eligible consumer data from NGRID
Day 18	CPG and/or Competitive Supplier mails opt-out notice to all eligible consumers
Day 19	30-day opt-out period begins on date of receipt
Day 21	Eligible consumers receive mail
Days 21-51	Consumers wishing to opt-out return reply card in pre-paid envelope to Competitive Supplier
Day 33	Competitive Supplier completes EDI testing with NGRID
Day 55	Competitive Supplier removes opt-outs from eligible list
Day 55	Competitive Supplier sends “supplier enrolls customer” EDI for all participating consumers

Participating consumers are enrolled with supplier on the next meter read, provided that the enrollment transaction is submitted no fewer than 37 days after mailing the opt-out notice and two full business days before the meter read.

Our Consultant's experience with previous aggregation programs suggests that the Town, Competitive Supplier and NGRID need about two months to complete the consumer notification and enrollment process.

The procedures described above may also be found in NGRID's Terms and Conditions for Municipal Aggregators, M.D.P.U. No. 1421, as amended or superseded from time to time. These procedures were discussed in numerous meetings between CPG and NGRID.

The methods by which eligible consumers will be enrolled in the Program are consistent with NGRID's Terms and Conditions for Competitive Suppliers, M.D.P.U. No. 1420, as amended or superseded from time to time.

5.1.5 Notification of NGRID

Along with notification of eligible consumers, the Town shall notify the selected Competitive Supplier and NGRID to begin preparation of the administrative process to transfer eligible consumers coincident with each eligible consumer's billing cycle. Alternatively, or in combination with the Town notification, the selected Competitive Supplier may notify NGRID to begin preparation of the administrative process.

5.1.6 Beginning of Opt-Out Period

Eligible consumers may opt-out of service from the Program at no charge either in advance of service start up deadlines or at any time after the first day of service. Participating consumers who seek to return to NGRID's Basic Service should provide notice to the Competitive Supplier and/or NGRID five or more business days before the next scheduled meter read date. Pursuant to NGRID's Terms and Conditions for Municipal Aggregators, M.D.P.U. No. 1421, participating residential consumers will be transferred to NGRID's Basic Service in two business days if they directly notify NGRID of the intent to terminate generation service from the Competitive Supplier. If a commercial or industrial consumer directly notifies NGRID of the choice to terminate generation service from the Competitive Supplier, the generation service shall be terminated on the date of the customer's next scheduled meter read. If a residential, commercial, or industrial customer notifies the Competitive Supplier of the choice to terminate receipt of generation service, the termination shall take place on the date of the customer's next scheduled meter read, so long as the Competitive Supplier has submitted the transaction to NGRID no fewer than two business days prior to the meter read date. There shall be no charge for returning to NGRID's Basic Service in this manner. Further opportunities for eligible consumer opt-out

may be negotiated by the Town and the Competitive Supplier and included in the terms of the contract presented to the Board of Selectmen, the Town Administrator, and made part of the public information offered to each eligible consumer. However, any such opportunities must be approved by the Department (including all public education and outreach information provided to eligible consumers for this purpose). Eligible consumers who opt-out and subsequently wish to enroll may be enrolled at the Competitive Supplier's discretion and pursuant to NGRID's Terms and Conditions for Competitive Suppliers, M.D.P.U. No. 1420, as amended or superseded from time to time. [See Section 8 for further information.]

5.1.7 Transfer of Participating Consumers to Competitive Supplier

The process of activation is an administrative function with three parts:

- a) Data Preparation: NGRID will identify all eligible consumers as defined by the Department in Municipal Aggregation Programs, D.P.U. 16-10, at 19 (2017).
- b) Automatic Enrollment: All verified eligible consumers shall be transferred to the Town's Competitive Supplier coincident with NGRID's billing periods, unless they have previously sent in notification of their intent to opt-out according to established deadlines. Eligible consumers will be enrolled with the new Competitive Supplier over the period of one month. Service under the new Competitive Supplier shall begin at the start of the billing period following transfer.
- c) Notification: NGRID shall notify each transferred participating consumer of the change to the Town's Competitive Supplier with its last bill for Basic Service.

5.2 TERMINATION

The Program may be terminated in two ways:

- upon contract termination or expiration without any extension, renewal, or subsequent contract being negotiated; or
- at the decision of the Board of Selectmen and Town Administrator to dissolve the Program.

Each participating consumer receiving service under the Town's Program will receive notification of termination of the Program 90 days prior to such termination.

In the event of contract termination, participating consumers would return to NGRID's Basic Service or choose a Competitive Supplier. This transfer would occur in coordination with NGRID using established EDI protocols and in accordance with the rules and procedures set forth in the EBT Working Group Report.

6 METHODS FOR ENTERING AND TERMINATING AGREEMENTS

The Town's process for entering, modifying, enforcing, and terminating all agreements associated with the Program shall comply with the requirements of the Town's Bylaws, and state and federal laws. Where required, the procedures outlined in M.G.L. c. 30B shall be followed. Other agreements shall be entered, modified, or terminated in compliance with the law and according to the express provisions of the relevant agreement.

Prior to the end of the initial ESA, the Consultant will be responsible for conducting a subsequent bidding process for a new ESA. The Town Administrator is responsible for executing a new ESA. Customers will be notified through press releases and public notices. New opt-out notices will not be mailed. The Town will not use on-bill messaging or bill inserts. However, NGRID may include on-bill messaging notifying consumers of a supplier switch. The transfer of customers from the existing supplier to the new supplier is conducted by the new supplier in coordination with NGRID using established EDI protocols.

The Town will notify NGRID of the planned termination or extension of the Program. In particular, the Town will provide NGRID notice:

- 90 days prior to a planned termination of the Program;
- 90 days prior to the end of the anticipated term of the Program's ESA; and
- four business-days after the successful negotiation of a new electricity service agreement.

With respect to a planned termination of the Program, the Town will also notify the Director of the Department's Consumer Division at the same time it notifies NGRID (i.e., 90 days prior). Such notification to the Department will include copies of all public notices, press releases, Town Hall and website postings and any other communications the Town intends to provide consumers regarding the Program's termination and return of participating consumers to NGRID's Basic Service.

7 RATE SETTING, COSTS, AND BILLING

The Town will offer the Program at rates and terms to be negotiated with Competitive Suppliers. All Competitive Supplier charges to the participating consumer will be fully and prominently disclosed under the notification process.

NGRID shall continue to provide metering, billing, and maintenance of the distribution system as a regulated monopoly function. Charges for metering, billing and other distribution services

shall be regulated by the Department, unless otherwise provided for in law, or Department rules and regulations.

7.1 RATE SETTING

Under Department orders, NGRID assigns the rate classification and corresponding character of service and associated regulated rates. These rates include a monthly customer charge, a distribution charge, a transmission charge, a transition charge, an energy conservation charge, and a renewable energy charge that currently make up a portion of a ratepayer's bill. Although the Town, or its Consultant, may participate in regulatory proceedings and represent the interests of ratepayers regarding these regulated rates, it will not assign or alter existing rate classifications without the approval of the Department. [See Section 7.3 for an example of a typical residential bill.]

The focus of the Town, as noted above, will be acquisition of competitive prices and terms for power supply. This price, or prices, will be set through the competitive bid and negotiation process, and will be noted on the participating consumer's bill as the "generation charge".

The competitive bid process will seek prices that will differ among the rate classifications established by NGRID's tariffs. The terms and conditions of service may also vary among rate classifications.

Any applicable taxes will be billed as part of the Program's power supply charge. Participating consumers are responsible for identifying and requesting an exemption from the collection of taxes by providing appropriate documentation to the Competitive Supplier.

If there is a change in law² that results in a direct, material increase in costs or taxes during the term of the ESA (see Article 17 of the ESA), the Town will seek to negotiate a change in the Program price or other terms with the Competitive Supplier. At least 30 days prior to the implementation of any such change, the Town will notify participating consumers of the change in price by issuing a press release and posting a notice in Town Hall and on the Program's website.

Additionally, the Town will notify the Director of the Department's Consumer Division prior to the implementation of any change in the Program price related to a change in law (e.g., regulatory event or new taxes). Such notification to the Department will occur no less than ten days prior to the Town notifying participating consumers and will include copies of all public notices, press releases, Town Hall and website postings and any other communications the Town intends to provide consumers regarding the Program's change in price.

² The term "change in law" defines the terms "Regulatory Event" and "New Taxes" as those terms are used in Article 17 of the ESA.

7.2 COSTS

The Program funding will be derived from a \$0.001 per kWh commission fee payable by the Competitive Supplier to the Consultant.

In addition, the Town may fund personnel costs associated with an Energy Manager position(s) to support the operation of its Aggregation Program, through an Operational Adder equivalent of up to \$0.001 per kWh, payable by the Competitive Supplier to the Town.

7.3 BILLING

Participating consumer billing under the Town’s Program will be made by the Competitive Supplier under contract and shall be incorporated into the standard monthly utility billing. Participating consumers will receive a “complete bill” from NGRID that incorporates the power supply charge and NGRID’s delivery charges. The bill shall include a clear delineation of all regulated and non-regulated charges.

The typical residential “complete bill” for use of 600 kWh shows the following charges for NGRID’s Basic Service in November 2019:

For Customer With Monthly Usage of 600 kWh		
	Rate (\$/kWh)	Charge
Delivery Services Detail (Rate: R1 Residential)		
Customer Charge		\$ 7.00
Distribution Charge	\$0.07411	\$ 44.47
Transition Charge	(\$0.00086)	(\$ 0.52)
Transmission Charge	\$0.03130	\$ 18.78
Energy Efficiency Charge	\$0.01805	\$ 10.83
Renewable Energy Charge	\$0.00050	\$ 0.30
Distribution Solar Charge	\$0.00356	\$ 2.14
Total Delivery Services		\$ 83.00
Supply Services Detail (Rate: Basic Service)		
Electric Supply Services	\$0.13957	\$ 83.74
Total Supply Services		\$ 83.74
Average Bill Total		\$ 166.74

8 UNIVERSAL ACCESS

“Universal access” is a term derived from the traditional regulated utility environment in which all consumers desiring service receive that service. The DOER’s Guide to Municipal Electric Aggregation in Massachusetts has defined universal access to mean “electric services sufficient for basic needs (an evolving bundle of basic services) available to virtually all members of the population regardless of income.” The Guide also provides that a municipal aggregation plan meets the requirement of universal access “by giving all consumers within its boundaries the opportunity to participate, whether they are currently on Basic Service or the supply service of a Competitive Supplier.” For the purposes of the Town’s Program this will mean that all existing consumers within the borders of the Town and all new consumers in the Town shall be eligible for service from the Competitive Supplier under the terms and conditions of the contract. One of the Town’s goals, as indicated in Section 2.3, is to “Provide the basis for aggregation of eligible consumers on a non-discriminatory basis”.

Service under the Town’s Program shall include rate classifications in adherence with universal service principles and requirements, and the traditional non-discriminatory practices of local government. Contracts with all Competitive Suppliers shall contain provisions to maintain these principles and equitable treatment of all rate classifications.

Eligible existing consumers in the Town shall be transferred to the Program unless they have affirmatively opted-out of the Program.

Eligible low-income consumers shall remain subject to all existing provisions of state law regarding their rights to return to Basic Service and to participate in the Program as well.

New eligible consumers shall be enrolled in the Program unless they have affirmatively opted-out of the Program. New eligible consumers will retain the right to opt-out any time after the commencement of Program service.

Eligible consumers who have previously opted out of the Program, with the exception of large industrial customers, may request that they be re-enrolled in the Program. The Town’s Competitive Supplier will re-enroll such eligible consumers at the then-current Program rate.

Consumers being served under competitive service, with the exception of large industrial customers, may affirmatively opt-in and request that they be enrolled in the Program. The Town's Competitive Supplier will enroll such consumers at the then-current Program rate.

Large industrial customers who have previously opted out of the Program or are being served under competitive supply may request to join the Program. Given the high monthly usage of such consumers, enrollment is at the discretion of the Town's Competitive Supplier and may be at the then-current market price.

9 EQUITABLE TREATMENT OF RATEPAYERS

All ratepayers will be treated equitably. They will be guaranteed the right to raise and resolve disputes with the Competitive Supplier, be provided all required notices and information, and always retain the right to opt-out of the Town's Program as described herein or to switch Competitive Suppliers. The requirement of equitable treatment of all ratepayers does not, however, require that all ratepayers be offered the same pricing or terms and conditions. To impose such an interpretation to the statutory requirements governing municipal aggregation programs would, in effect, result in inequitable treatment, as attempting to apply identical prices, terms, and conditions to ratepayers with widely disparate characteristics would have the inevitable effect of giving some ratepayers more favorable service than others. The implementation of the Program will recognize this reality through appropriate distinctions in pricing and, where applicable, terms and conditions among ratepayers.

10 RELIABILITY

"Reliability" in power supply and in transmission and distribution is essential to consumers. This will be accomplished and reinforced by the Program at several levels through:

- provisions of the contract that will include language on reliability of supply, liability and damages provisions;
- traditional proceedings related to NGRID's regulated transmission and distribution services; and
- direct discussions with NGRID concerning specific or general problems related to quality and reliability of transmission and distribution service in the Town.

11 RIGHTS AND RESPONSIBILITIES OF PARTICIPANTS

11.1 RIGHTS

All participating consumers shall enjoy the protections of law afforded to them as they currently exist or as they may be amended from time to time. These include rights to question billing or service quality or service practices. Under protocols developed by the Department, problems related to billing or service shall be directed to the appropriate parties. All eligible consumers shall also enjoy the individual right to decline participation in the Town's Program.

11.2 RESPONSIBILITIES

All participating consumers shall meet all standards and responsibilities required by the Department, including payment of billings and access to essential metering and other equipment to carry out utility operations.

12 BENEFITS OF MUNICIPAL AGGREGATION

The Program functions under the restrictions of state law and reflects a range of results and opportunities:

12.1 PARTICIPATION IN COMPETITIVE MARKET

Many consumers lack knowledge and leverage to negotiate terms for power supply. A municipal aggregator provides them with an option for professional representation and the leverage of a large group so that they may participate more effectively in the competitive process and achieve benefits.

12.2 SELECTION OF ALTERNATE SUPPLIER

Because the law guarantees the right to opt-out, including the right to choose Basic Service at no charge, all eligible consumers have the right to select a Competitive Supplier other than the one chosen by the Town Administrator and Board of Selectmen.

12.3 INDEMNIFICATION AND RISK ASSOCIATED WITH COMPETITIVE MARKET

In a competitive market, it is possible that the failure of a Competitive Supplier to provide service may result in the need for participating consumers to acquire alternative power supply, or for participating consumers to receive power at Basic Service prices. The Town will seek to

minimize this risk by contracting with reputable Competitive Suppliers who demonstrate reliable service. The Town also intends to include conditions in its contract with a Competitive Supplier that will indemnify participating consumers against risks or problems with power supply service.

12.4 OTHER PROTECTIONS

The Town intends to negotiate a range of provisions in its contracts to enhance participating consumer protection.

13 REQUIREMENTS CONCERNING AGGREGATED SERVICE

The Town shall comply with the requirements established by law and the rules set forth by the Department concerning aggregated service.

TOWN OF BOLTON COMMUNITY CHOICE POWER SUPPLY PROGRAM

EDUCATION AND OUTREACH PLAN

PREPARED BY

COLONIAL POWER GROUP, INC.

1 OVERVIEW AND PURPOSE

M.G.L. c. 164, § 134(a) requires that municipal aggregators “fully inform participating ratepayers in advance of automatic enrollment that they are to be automatically enrolled and that they have the right to opt-out of the aggregated entity without penalty. In addition, such disclosure shall prominently state all charges to be made and shall include full disclosure of the basic service rate, how to access it, and the fact that it is available to them without penalty.”

The Education and Outreach Plan (“Education Plan”) component of Bolton’s Community Choice Power Supply Program (“Program”) is two-pronged. The first is general education through which Colonial Power Group, Inc. (CPG) will provide information to eligible consumers by way of the media, electronic communications, and public presentations. The second is direct mail notification which will be mailed out to eligible consumers and will contain information regarding participation and rights.

The purpose of the Town of Bolton’s (“Town”) Education Plan is to raise awareness and provide eligible consumers with information concerning their opportunities, options and rights for participation in the Program.

The Education Plan consists of two parts:

- a) General Education: This will be conducted through the media, public meetings and presentations, and electronic communications and will inform eligible consumers about the Program.
- b) Direct Mail Notification: This will be mailed out to eligible consumers and will contain information regarding participation and rights, as well as comparative prices and terms.

The general education effort will provide a broad back drop for the direct mail notification, boosting awareness of the mailing and its purpose and providing reinforcement of key information.

1.1 GENERAL EDUCATION

The general education will provide a description of the Program for eligible consumers. It will consist of a public relations effort, advertising outreach, public presentations and electronic information sources (i.e. toll-free telephone number, websites, etc.). The general education will provide specific information about the Program and maximize the impact of the direct mail notification which will create an environment of public awareness.

1.1.1 Press Conference

The initial launch of the Program will be a media event featuring representatives from the Town, its Competitive Supplier, and CPG. This event will be designed to create an understanding of the Program as a whole including consumer rights and benefits. Representatives from local and regional print and broadcast sources will be invited to attend.

A press kit will be assembled to introduce the Program. Materials may include:

- a) news release;
- b) background information;
- c) deregulation and choice information; and
- d) frequently asked questions.

1.1.2 Media Outreach

Following the launch of the Program, media outreach will continue through local cable television shows, newspapers and internet sources to provide greater public education and to describe the Program, the opt-out process and the toll-free telephone number. Outreach will include public service announcements (PSAs), scheduling interviews of Program spokespersons with local media outlets and securing a positive media presence.

A series of news releases will be distributed to achieve the aforementioned goals. Follow-up news releases will update the media on the status of the Program's progress.

Sample Media List:

- a) Worcester Telegram
- b) Bolton Common
- c) Bolton Independent
- d) The Item
- e) Local Cable TV – Comcast Channel 99 Bolton Access TV

1.1.3 Notices and Public Postings

Notices in newspapers and in Town Hall describing the Program, the opt-out process and the toll-free telephone number will further reinforce the Program’s details. Postings will be placed in public buildings (i.e. library, Senior Center, etc.) which will create the necessary repetition of messages required to motivate consumer action and build awareness and understanding.

1.1.4 Customer Service Center

CPG will maintain a toll-free telephone number to address eligible consumer’s questions regarding the Program, deregulation, the opt-out process, price information and other issues eligible consumers may raise. CPG’s customer service center has the capability to provide interpretation services for more than 200 different languages.

1.1.5 Website

All information regarding the Program will be posted on CPG’s website, which is linked to the Town’s website. The website will note if the Town has chosen to fund personnel costs associated with an Energy Manager position(s) through an Operational Adder. CPG’s website will have links to National Grid (“Local Distributor”), the Massachusetts Department of Energy Resources (DOER), the Massachusetts Department of Public Utilities (“Department”), and the Town’s Competitive Supplier.

1.1.6 Translation Services

CPG’s website is equipped with translation services. This will provide for all information regarding the Program to be translated into more than 100 languages. The Town will retain any additional translation services as it determines to be necessary or appropriate for eligible consumers who are hard-to-reach, English is not their primary language or self-identify as speaking English “less than very well”.

1.1.7 Public Presentations

CPG will provide presentations to the Board of Selectmen and to any interested community group (i.e. Chamber of Commerce, Community Choice Aggregation Committee, etc.). The Town will seek to identify and potentially work with appropriate community and neighborhood-based groups to assist with education and outreach efforts. The Town may leverage email lists and newsletters to ensure consumers are receiving accurate and timely information.

Sample Community Groups:

- a) Bolton Council on Aging
- b) Bolton Senior Citizens Association
- c) Bolton Local
- d) Nashoba Valley Chamber of Commerce
- e) Nashoba Valley Rotary Club

1.1.8 Impaired Physical Capabilities

The Town will employ assistive technology to ensure all eligible consumers, including those with impaired physical capabilities who require visual or auidial assistance, are properly informed. Information sessions will be held in accessible locations, typically Town Hall, the Senior Center or the library. Consumers who require assistance (e.g. deaf or otherwise hard-of-hearing, blind or otherwise visually impaired) will have the opportunity to do so ahead of any such public presentation.

The opt-out notification will include a separate Language Access Document which will provide instructions regarding how consumers can receive visual or auidial assistance with Program information.

1.1.9 Ongoing Education and Outreach

Once the Program is up and running, education and outreach will continue and will be ongoing. Many of the same vehicles that were utilized prior to and during the launch of the Program will be leveraged to ensure participating consumers are updated in a timely manner on the status of the Program's progress and alerted to any changes in the price and product offering. This will be accomplished through electronic communications, the media, and public meetings and presentations. Specifically, the Town will notify consumers using the following methods: Town and CPG websites; press releases and local cable television shows; and presentations to the Board of Selectmen or to any interested community group (i.e. Chamber of Commerce, Community Choice Aggregation Committee, etc.). In addition, notices will be placed in newspapers, in Town Hall and in public buildings (i.e. library, Senior Center, etc.) further describing the Program's details including the price, the product offering, the opt-out information and the toll-free telephone number. CPG will continue to maintain a toll-free telephone number to address eligible and participating consumers' questions regarding the Program, price information, product offerings, and other issues eligible and participating consumers may raise.

1.2 DIRECT MAIL NOTIFICATION

1.2.1 Opt-Out

The opt-out notification will be sent via standard mail to the billing address of each eligible consumer receiving Basic Service. The notification envelope will be clearly marked as containing time sensitive information related to the Program. The notification will contain a letter describing the Program.

The letter will:

- a) introduce and describe the Program and provide information regarding participation and rights;
- b) inform eligible consumers they have the right to opt-out of the aggregated entity without penalty;
- c) prominently state all charges to be made and a comparison of price and primary terms of the Competitive Supplier and Basic Service;
- d) inform eligible consumers if the Town has chosen to fund personnel costs associated with an Energy Manager position(s) through an Operational Adder;
- e) explain the opt-out process;
- f) inform eligible consumers if the Town has chosen to offer an optional green product and explain the opt-in process; and
- g) include instructions for consumers who are hard-to-reach, English is not their primary language or self-identify as speaking English “less than very well” (i.e. toll-free telephone number).

The opt-out notification will also contain a postcard with a simple check off and signature line for eligible consumers who do not wish to participate. Eligible consumers will have 30 days from the date of receipt of the mailing to return the opt-out postcard in the pre-addressed envelope provided. New eligible consumers will be enrolled in the Program in accordance with applicable Local Distributor rules. Such enrollments shall begin no sooner than 37 days after the mailing of the opt-out notification. Upon initiation of service, these new eligible consumers will receive the same opt-out information as all other eligible consumers.

1.2.2 Limited English Proficiency

The languages spoken by Town residents who self-identify as speaking English “less than very well” is presented below. The table assumes a total population of 4,740.

Language	Speaks English “Less Than Very Well”	% of Total Population
Spanish	9	0.19%
French Creole	2	0.04%
Portuguese	28	0.59%
German	6	0.13%
Chinese	35	0.74%
Total	80	1.69%

Program: 2015 American Community Survey

Source:

https://data.census.gov/cedsci/table?g=0600000US2502706365_0100000US&tid=ACSDT5Y2015.B16001&t=Language%20Spoken%20at%20Home&vintage=2018&hidePreview=true&tp=false&moe=true

The opt-out notification will include a separate Language Access Document to ensure that the mailing is meaningful to all consumers with limited English proficiency and other language access needs. The required Language Access Document will translate the following text into 26 languages.

Important notice enclosed from Town of Bolton about your electricity service. Translate the notice immediately. Call the number or visit the website, above, for help.

2 TIMELINE

The schedule below assumes timely preparation of mailing lists as well as space and time availability in the media. Meetings and public presentations will be scheduled upon mutually agreeable schedules. On-going education will continue beyond the 47-day period outlined below through the media and the toll-free telephone number.

- Day 0: Press conference held announcing the Program and introducing the Competitive Supplier
- Day 1: Customer service center (i.e. toll-free telephone number) opens
- Day 1: Press release issued on direct mail notification and start-up of the customer service center
- Day 1: Program information posted on the following websites: CPG, Town, and Competitive Supplier
- Day 1-7: Postings placed in public buildings
- Day 1-40: Public presentations provided informing community groups about the Program and eligible consumer rights
- Day 1-40: Media interviews conducted with Program representatives, as needed
- Day 10: Direct mail notification sent to each eligible consumer (see Day 47)
- Day 12-35: Display ads placed in newspapers describing the Program and the opt-out process and providing the toll-free telephone number
- Day 14: Local cable television show airs describing the Program and the opt-out process and providing the toll-free telephone number
- Day 16-30: PSAs air describing the Program and the opt-out process and providing the toll-free telephone number
- Day 47: Deadline reached for eligible consumers returning the opt-out postcard
- Day 47+: On-going education continues through the media, the toll-free telephone number and individual opt-out mailings to new eligible Basic Service consumers
- Day 90+: Follow-up news releases issued summarizing the Program's status

3 BUDGET

Notification Method	Responsible Party	Estimated Cost
Direct Mailing	Competitive Supplier	\$3,300
Press Conference	CPG	\$500
Television Media	CPG	\$500
Newspaper Media	CPG	\$2,000
Electronic Communications	CPG	-----
Public Presentations	CPG	-----

THE TOWN OF BOLTON'S COMMUNITY CHOICE POWER SUPPLY PROGRAM CONSUMER NOTIFICATION

<Month> <Day>, <Year>

Dear Bolton Basic Service Consumer:

The Town of Bolton is pleased to announce that _____ has been selected as the supplier for its Community Choice Power Supply Program ("Program"). This Program is a municipal aggregation which enables local government to combine the purchasing power of its residents and businesses to provide them with an alternative to National Grid Basic Service (M.G.L. c. 164, § 134). This Program only affects the supply portion of your monthly bill. It will not affect the delivery portion of your monthly bill. National Grid will continue to deliver your electricity but Bolton has chosen the supplier for the Program. _____ will provide electric power supply for all consumers currently on Basic Service in Bolton. This letter is intended to tell you about this Program for electric power supply. In accordance with state law, it also informs you of your rights and options if you choose not to participate in the Program.

- ✓ **YOU WILL BE AUTOMATICALLY ENROLLED IN THIS PROGRAM UNLESS YOU CHOOSE NOT TO PARTICIPATE AND OPT-OUT.**
- ✓ **YOU MUST RESPOND BY <MONTH> <DAY>, <YEAR> IF YOU DO NOT WISH TO BE AUTOMATICALLY ENROLLED.**

YOU WILL NOT NOTICE ANY CHANGE IN YOUR ELECTRICITY SERVICE. The only difference you will see is that _____ will be printed under the "Supply Services" section of your monthly bill. You will continue to receive one bill from National Grid. You will continue to send your payments to National Grid for processing. National Grid will continue to respond to emergencies, read meters and maintain the distribution and transmission lines. Reliability and quality of service will remain the same. Furthermore, you will continue to have all existing consumer rights and protections.

COMPARATIVE RATES AND TERMS

	Bolton's Program* (Supply Services Only)		National Grid** (Supply Services Only)
	STANDARD	OPTIONAL	BASIC SERVICE
Rate			
Residential	\$X.XXXXX per kWh	\$X.XXXXX per kWh	\$X.XXXXX per kWh
Commercial/Streetlight	\$X.XXXXX per kWh	\$X.XXXXX per kWh	\$X.XXXXX per kWh
Industrial	\$X.XXXXX per kWh	\$X.XXXXX per kWh	\$X.XXXXX per kWh
Renewable Energy Content	[TBD following competitive bid process]	[TBD following competitive bid process]	Meets Massachusetts renewable energy requirements
Duration	_____ 2021 – _____ 2021 <i>[Rates apply to service beginning and ending on the days of the month that your meter is read in your service area.]</i>		_____ 2021 – _____ 2021 <i>[Residential and Small Commercial rates change every 6 months. Large Commercial and Industrial rates change every 3 months.]</i>
Exit Terms	NO CHARGE		May receive a reconciliation charge or credit <i>[Industrial G-2 & G-3 only]</i>

*Rate includes Consultant Fee of \$0.001 per kWh to facilitate Bolton's Community Choice Power Supply Program.

*Rate includes Operational Adder of \$X.XXX per kWh to fund personnel costs associated with an Energy Manager position(s).

*Rate may increase as a result of a change in law that results in a direct, material increase in costs during the term of the contract.

**GreenUp options are available for \$0.012-\$0.038 per kWh in addition to National Grid's Basic Service rate.

IMPORTANT INFORMATION

- At Program launch, the aggregation rate is lower than National Grid's Basic Service rate. The aggregation rate is fixed for __ months (_____ 2021 to _____ 2021) while National Grid's Basic Service rate changes twice a year, in May and November. As a result, the aggregation rate will not always be lower than National Grid's Basic Service rate. The goal of the aggregation is to deliver savings over the life of the Program against National Grid's Basic Service rate. However, **SUCH SAVINGS AND FUTURE SAVINGS CANNOT BE GUARANTEED.**
- There is **NO CHARGE TO OPT-OUT** of the Program and return to National Grid Basic Service.

« SEE BACK FOR ADDITIONAL INFORMATION »

IF YOU HAVE BEEN MAILED THIS NOTIFICATION you do not need to take any action to participate in the Program.

ALL BASIC SERVICE CONSUMERS who have been mailed this notification will be AUTOMATICALLY enrolled in the Program and start benefiting from the aggregation rate beginning on the day of the month in _____ that your meter is read. This date varies by service area. Your meter reading date is shown on your bill.

WATCH YOUR NATIONAL GRID BILL FOR FURTHER NOTIFICATION of the Program.

- Your _____ bill will state that you are being switched to Bolton’s Program.
- Your _____ bill will show Bolton’s supplier and aggregation rate under “Supply Services”.

BUDGET PLAN OR ELIGIBLE LOW-INCOME RATE CONSUMERS will continue to receive those benefits from National Grid.

SOLAR PANEL AND COMMUNITY SOLAR CONSUMERS will continue to receive net metering or on-bill credits while receiving electricity supply under the Program and the value of these credits will not be altered by participating in the Program.

ANY APPLICABLE TAXES WILL BE BILLED as part of the Program’s power supply charge. You will be responsible for identifying and requesting an exemption from the collection of taxes by providing appropriate documentation.

TAX EXEMPT SMALL BUSINESS CONSUMERS must send or fax a copy of their Energy Exemption Certificate directly to _____(Supplier)_____ at _____(Supplier address/fax)_____ in order to maintain their tax exempt status.

IF YOU HAVE ALREADY CHOSEN A COMPETITIVE SUPPLIER ON YOUR OWN you must opt-out of this Program. This will ensure you continue to get your electricity from that Competitive Supplier.

IF YOU HAVE ALREADY CHOSEN A GREEN POWER SUPPLY OPTION THROUGH NATIONAL GRID you must opt-out of this Program. This will ensure you continue to get your electricity from that Green Power Supply.

IF YOU DO NOT WISH TO PARTICIPATE IN THIS PROGRAM you may: 1) Opt-out and continue paying National Grid’s Basic Service rate; or 2) Opt-out and choose your own Competitive Supplier (if one is available to you).

HOW TO OPT-OUT

- Sign and return the enclosed opt-out card in the postage paid envelope provided; **OR**
- Visit www.colonialpowergroup.com/bolton/ and click the opt-out button, then fill out and submit the Opt-Out Form; **OR**
- Call _____ at _____ and ask to remain on National Grid Basic Service.

ANY TIME AFTER ENROLLMENT you can still opt-out with NO CHARGE. It may take a couple of billing cycles before you are back on National Grid Basic Service. If you choose to opt-out after the initial enrollment, you may submit an Opt-Out form at www.colonialpowergroup.com/bolton/ **OR** call _____ at _____ and ask to be placed on National Grid Basic Service.

TO CHOOSE A PRODUCT WITH A HIGHER PERCENTAGE OF RENEWABLE ENERGY you may call _____ at _____ and ask to be enrolled in Bolton’s Optional Green Product.

[Product option to be determined following the competitive bid process. The above acts as a placeholder and will be replaced with a product description including price, term, technology, vintage and location.]

FOR MORE DETAILED INFORMATION regarding Bolton’s Program, please visit www.colonialpowergroup.com/bolton/ or call us toll-free at (866) 485-5858. To learn more about _____ please visit www._____.
