THE TOWN OF SANDISFIELD'S COMMUNITY CHOICE POWER SUPPLY PROGRAM

The Town of Sandisfield is announcing the new rate and term for its Community Choice Power Supply Program through its new electricity supplier, **NextEra Energy Services**. The Town's new aggregation rate is fixed **for all rate classes for 12 months** as follows:

Term	New Rate (Supply Only)	Renewable Energy Content
January 2023 to January 2024	\$0.22765 per kWh	100% renewable. Includes 46% National Wind RECs.
<i>[Rate applies to service beginning and ending on the days of the month that your meter is read in your service area. This date varies by account.]</i>		

For comparison purposes, Eversource's Residential Basic Service rate is fixed at \$0.21864 per kWh from January 1, 2023 thru June 30, 2023. **The Town's rate is only slightly higher than Eversource's Residential Basic Service rate, and the Town has made a commitment to renewable energy.** Due to economic and geo-political conditions worldwide, electricity prices are higher now than in prior years. However, the Town's new rate is fixed which provides protection against market spikes over the 12-month term but doesn't lock the Town into the elevated prices beyond that should the market stabilize.

It is important to note that **no action will be required** by individual consumers. All accounts currently enrolled in the Town's Program will be switched to NextEra as of the January 2023 meter reads. This change will be noted on the January 2023 bills and will be seen on the February 2023 bills. Consumers with questions about the Program should call Colonial Power Group, the Town's aggregation consultant, at (866) 485-5858 ext. 1.

For more detailed information about the Town's Program, including how to OPT-OUT or OPT-IN, or to access Eversource's Basic Service rates, please visit colonialpowergroup.com/sandisfield or call NextEra at (855) 782-9307. You may OPT-OUT or OPT-IN at any time in the future with NO CHARGE.

Eversource customers who meet certain means criteria can qualify to receive a discount on their electric bills. To learn more, please visit eversource.com/content/wma/residential/my-account/billing-payments/help-pay-my-bill/discount-rate.

Basic Service rates change twice a year or more, depending on rate class. As a result, the aggregation rate will not always be higher than the Basic Service rate. The goal of the aggregation is to deliver savings over the life of the Program against Eversource Basic Service. However, such savings and future savings cannot be guaranteed.
