Program Product	Current Rate (Supply Only)	New Rate (Supply Only)	Renewable Energy Content*
Standard (default)	\$0.14479 per kWh	\$0.16761 per kWh	5% MA Class I RECs above minimum state requirements

Optional Renewable	\$0.14460 per kWh	\$0.16639 per kWh	100% renewable. Includes 31% National Wind RECs.
<i>[Rates apply to service beginning and ending on the days of the month that your meter is read in your service area. This date varies by account.]</i>			
<i>*For a detailed breakdown of MA renewable energy requirements by year, please visit colonialpowergroup.com/massachusetts-renewable-energy-requirement.</i>			

For comparison purposes, National Grid's Basic Service rates are fixed from August 1, 2026 through January 31, 2027 -- Residential at \$0.17185 per kWh and Commercial at \$0.15568 per kWh.

No action is required by individual consumers. All accounts currently enrolled in the City's Program will continue to see First Point printed under the "Supply Services" section of their monthly bill. This rate change will be seen on the November 2026 bills. Consumers with questions about the Program should call Colonial Power Group, the City's aggregation consultant, at (866) 485-5858 ext. 1.

For more detailed information about the City's Program, including how to OPT-OUT or OPT-IN, to change your current product selection, or to access National Grid's Basic Service rates, please visit colonialpowergroup.com/amesbury or call First Point at (888) 875-1711. You may OPT-OUT or OPT-IN at any time in the future with NO CHARGE.

Basic Service rates change twice a year or more, depending on rate class. As a result, the aggregation rate may not always be lower than the Basic Service rate. The goal of the aggregation is to deliver savings over the life of the Program against National Grid Basic Service. However, future savings cannot be guaranteed.
