Optional New England Renewable	\$0.17200 per kWh	\$0.19148 per kWh	100% MA Class I RECs
<i>[Rates apply to service beginning and ending on the days of the month that your meter is read in your service area. This date varies by account.]</i>			
<i>*For a detailed breakdown of MA renewable energy requirements by year, please visit colonialpowergroup.com/massachusetts-renewable-energy-requirement.</i>			

For comparison purposes, National Grid's Basic Service rates are fixed from August 1, 2026 through January 31, 2027 -- Residential at \$0.17185 per kWh and Commercial at \$0.15568 per kWh.

No action is required by individual consumers. All accounts currently enrolled in the Town's Program will be switched to First Point as of the October 2026 meter reads. This change will be noted on the October 2026 bills and will be seen on the November 2026 bills. Consumers with questions about the Program should call Colonial Power Group, the Town's aggregation consultant, at (866) 485-5858 ext. 1.

For more detailed information about the Town's Program, including how to OPT-OUT or OPT-IN, to change your current product selection, or to access National Grid's Basic Service rates, please visit colonialpowergroup.com/upton or call First Point at (888) 875-1711. You may OPT-OUT or OPT-IN at any time in the future with NO CHARGE.

Basic Service rates change twice a year or more, depending on rate class. As a result, the aggregation rate may not always be lower than the Basic Service rate. The goal of the aggregation is to deliver savings over the life of the Program against National Grid Basic Service. However, future savings cannot be guaranteed.
