Este é um aviso importante. Queira mandá-lo traduzir.

THE TOWN OF LANCASTER'S COMMUNITY CHOICE POWER SUPPLY PROGRAM

The Town of Lancaster is announcing the new rate and term for its Community Choice Power Supply Program through its current electricity supplier, **First Point Power**. The Town's new aggregation rate is fixed **for all rate classes for 35 months** as follows:

Term	Current Rate (Supply Only)	New Rate (Supply Only)	Renewable Energy Content*
December 2025 to November 2028	\$0.15100 per kWh	\$0.14087 per kWh	Meets MA renewable energy requirements
<i>[Rate applies to service beginning and ending on the days of the month that your meter is read in your service area. This date varies by account.]</i>			
<i>*For a detailed breakdown of MA renewable energy requirements by year, please visit colonialpowergroup.com/massachusetts-renewable-energy-requirement.</i>			

For comparison purposes, National Grid's Basic Service rates are fixed from August 1, 2025 through January 31, 2026 -- Residential at \$0.15484 per kWh and Commercial at \$0.14411 per kWh.

No action is required by individual consumers. All accounts currently enrolled in the Town's Program will continue to see First Point printed under the "Supply Services" section of their monthly bill. This rate change will be seen on the January 2026 bills. Consumers with questions about the Program should call Colonial Power Group, the Town's aggregation consultant, at (866) 485-5858 ext. 1.

For more detailed information about the Town's Program, including how to OPT-OUT or OPT-IN, or to access National Grid's Basic Service rates, please visit colonialpowergroup.com/lanchester or call First Point at (888) 875-1711. You may OPT-OUT or OPT-IN at any time in the future with NO CHARGE.

Basic Service rates change twice a year or more, depending on rate class. As a result, the aggregation rate may not always be lower than the Basic Service rate. The goal of the aggregation is to deliver savings over the life of the Program against National Grid Basic Service. However, future savings cannot be guaranteed.
